FABRE LINE QUITS RATE CONFERENCE

Royal Belge. The poris affected range from Hamburg down to Bordeaux, inclusive.

Most of the developments in the last few days are ascribed to rate cutting by the lines outside the conferences. The Reardon Smith Line, of which the United States Navigation Company is American agent, has pursued the policy of quoting 10 per cent, below the established rates. In this way several large contracts in the Hamburg trade have been obtained, and the United American Lines desired to be in position to meet the Reardon Smith Izles whenever it was found desirable.

Within the past six weeks the Reardon Smith Line has been sending ships to Mediterranean ports, and has followed its established policy in those routes. The recently organized American Algerian Line has also been underquoting. When a large quantity of freight seemed destined to be diverted to the outside lines, J. W. Elwell & Co., arents for the Fabre Line, decided to withdraw from the conference.

The effect on rates of the current developments is problematical. When the continental conference broke up a year ago quotations fell to a fraction of their present levels. As soon as open rates were declared yesterday in the French Mediterranean and North African trades one of the members immediately cut sugar from \$7 a ton to \$6. It was pointed out yesterday, however, that business has been exceptionally good of late in the continental and Mediterranean trades, and that space for several important commodities, notably ench Mediterranean and North Afrin trades one of the members immeately cut sugar from \$7 a. ton to \$6.

TWO MUNSON LINERS TO BE RECONDITIONED

Shipping Board Awards \$150, 000 and \$38,000 Contracts.

The Shipping Board yesterday awarded contracts for reconditioning of the passenger liners American Legion and Southern Cross. The work will involve enlargement of oil carrying tanks and refrigerating equipment and extensive alterations to passenger and crew quarters. The Staten Island Shipbuilding Company was low bidder at \$150,000 for all the work except the installation of additional refrigerating equipment, which will be done by the Shipley Construction Company for \$3,000.

Both ships are in the South American service of the Munson Line. They will be withdrawn in turn for the twenty-five day period set for the reconditioning.

U. S. TO SELL 13 DRYDOCKS.

Government Expects to Realize

One-third of Their Cost.

Washington, March 3.—Thirteen of the Shipping Beard's drydocks located on the Atlantic scabbard and the Gulf have been turned over to Vice-President Farley, in charge of sales, to be sold.

The drydocks cost the board about \$500,000 cach, and President Powell of the Emergency Fleet Corporation, in announcing that they were for sale, said they should bring about \$500,000 cach. It is hoped, he said, to sell them to those now leasing them.

The drydocks are located at Baltimore, Norfolk, Staten Island, Pensacola, Fla.: New York, Perth Amboy, N. J.; Galveston, Tex.; Mobile, Ala., and Weehawken, N. J.
